## INTELLIGENT. FASTER. EFFICIENT

- 1 Acre coverage in 5 minutes
- 10 litres spraying tank capacity with fail safe features
- 25-30 acres spraying in a day
- Multi utility: Spraying, Fertilizer, Crop Health monitoring, Pollination
- Scientifically tested by 5 Agriculture Universities
- Integrated crop specific procedures in multiple crops
- Bank loan assistance under AIF
- Packaged UIN, Insurance and DGCA Pilot license certification
- 24/7 Pan India customer support
- Certified by NABL laboratories, QCI and DGCA

## TECHNICAL SPECIFICATIONS

Build	<i>Hexacopter (Multicopter with 6 rotors)</i>
	<i>Rugged design specific to India</i>
	<i>Foldable and easy to transport</i>
Flight Mode	<i>Manual / Semi-Autonomous / Autonomous</i>
	<i>Integrated terrain and obstacle radars</i>
	<i>Advanced failsafe features</i>
Payloads	<i>Multi utility: Spraying, Fertilizer, Crop Health monitoring, Pollination</i>
	<i>10 litres spraying tank capacity</i>
	<i>5L/Min pump motor discharge</i>
Flight Parameter	<i>Flight Speed: Upto 15 meters per second (Recommended 5 m/s)</i>
	<i>22 Minutes Flight time</i>
	<i>Supports Day and Night operations</i>
Battery	<i>High capacity 16000mAh LiPo batteries</i>
	<i>350 cycles lifetime</i>
	<i>Coverage of 3 acres per battery</i>
